

SPERRY® INSTRUMENTS

NEW Sperry Digital Multimeters

Engineered to exceed the expectations of the professional electrician, the new Sperry Instruments DM6260 7-Function Auto Ranging Digital Multimeter and DM6410 8-Function Manual Ranging Digital Multimeter offer a durable and ergonomic design manufactured to the latest industry standards. These meters feature improved audible and visual indicators, large LCD screens, and easy to read industry standard markings. They use standard AAA batteries with auto-off functionality designed to save battery life. These multimeters are compact, lightweight, and feature impact resistant ABS housings. They are capable of measuring 600V AC/DC. The units also measure resistance, continuity (audible) and perform diode and battery testing. They are CAT III, cETLus and CE rated with a lifetime warranty to give our users the peace of mind they deserve.

Features

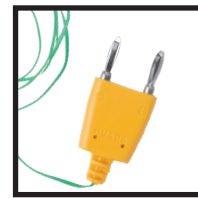

- Measures AC/DC Voltage, Resistance, Continuity, Batteries, and Diode Test
- DM6260 also measures Temperature
- DM6410 also measures AC/DC Current
- Compact design for easier use, storage and transportation
- Data hold feature captures the reading on the display
- Auto power off and low battery indicator

	DM6260	DM6410
AC/DC Voltage (V)	600V	600V
AC/DC Current (A)	–	10A
Audible Continuity	✓	✓
Diode	✓	✓
Temperature with included K-type thermocouple	✓	–
Battery Testing	1.5V	1.5V, 9V
Auto/Manual Ranging	Auto	Manual
Display Count	4000	2000
Backlit Display	✓	–
Data Hold	✓	✓
Low Battery Indicator	✓	✓
Auto Off	✓	✓
Industry Standard Probes	✓	✓
Agency Approvals		
Cat Rating		
Warranty		

- BOTH METERS INCLUDE:**
- Industry standard probes
 - 2 AAA batteries
 - Instruction manual

- DM6260 ALSO INCLUDES:**
- Thermocouple

ITEM #	ITEM DESCRIPTION	UPC	PACKAGE SIZE	QTY/CLAM	QTY/MASTER
DM6260	7 Function Auto Ranging Digital Multimeter	035632201129	6.5" x 1.75" x 10"	1	4
DM6410	8 Function Manual Ranging Multimeter	035632201143	7" x 1.75" x 10.25"	1	4
